Sidney Man Dies At Lake

—Double Drowning

Tragedy struck at the extensive colony of Dutch nationals making their home in this area when two of their number were drowned in Thetis Lake on Monday.

Ralph Numan, 23, who made his home with Mr. and Mrs. Albert Van Engelen, Fifth St., Sidney, was credited with losing his life in a vain attempt to save his sweetheart, 19-year-old Mary Van Egmond, of Ocean View Drive, Saanich.

Accompanied by a group of a dozen friends, all recently arrived from Holland, the two victims of the drowning left an islet in Thetis Lake to take a rented boat out on the water. Within hailing distance of the party the boat capsized. The incident was hidden from the rest of the party by the islet on which they were picnicking.

A few minutes later the upturned canoe was found and a search was instituted for the occupants. They were found in a few feet of water, locked in an embrace. It is believed that Numan, who was an excellent swimmer, was attempting a rescue of his fiancée.

The drowned man, who was tended by Langford and Saanich fire crews, in vain, had resided in Sidney for the past 15 months. He was employed at the Dominion Experimental Station at Saanichton. He arrived in Sidney in March of last year after having spent his first year in Canada in Oliver. He had left Oliver to come to Vancouver Island with his friends, Mr. and Mrs. Van Engelen.

Mary Van Egmond resided with her family; her parents, a sister and three brothers. She had been in Canada for four years. The family formerly lived in the Osoyoos area.

RECEIVES DEGREE

Mr. and Mrs. W. G. Drew, of Glamorgan Farm, were visitors in Vancouver last week attending the graduation of their son, Graham, at the University of British Columbia. The latter, who received the degree Bachelor of Science in agriculture, will serve with the federal government.

SALT SPRING ISLAND RATEPAYERS MEET AND DISCUSS NEW HOSPITAL PROJECT

A general meeting of the Salt Spring Island Ratepayers Association was held on Friday, May 20, in the Mahon hall, Ganges, with E. T. Fowler in the chair.

The question of whether the money by-laws for the proposed new hospital district should be held by general meeting or plebiscite caused much discussion. E. O. Aves asked that the new clause re letters patent be explained.

A letter from A. F. Paget, comptroller of water rights, to a member of the organizing committee, was read and said in part that the government has a mandate through the petition to go ahead with the new hospital providing the mill rate to be assessed on the taxpayers is less than three mills.

Mr. Aves moved "That the executive council have their attention drawn to the fact that the water comptroller, after receiving the petition from the supporters of the

EXHIBITION AT HOTEL SIDNEY

Exhibition of reproductions of famous paintings and other works of art will be staged in the banquet room of Hotel Sidney this week. The room is donated for this purpose by Glen Senle, of the Hotel Sidney Coffee Shop.

The exhibition has been brought to Sidney by the Sidney Recreation Commission. In charge of the arrangements for the showing is Saanich Peninsula Art Centre.

The duration of the exhibition will be Thursday, Friday and Saturday of this week. Admission is free between the hours of 2 p.m. and 5 p.m., and 7:30 p.m. and 9:30 p.m.

A GOOD DEMAND

"FOR SALE"—Lady's bicycle. Good condition.

There is always a good demand in The Review's area for used bicycles, and this one was quickly sold. Review classified ads cost very little and they usually pull results.

North Saanich School Pupils of Half a Century Ago

In the year 1906—which is nearly half a century ago—a skilful photographer snapped a picture of the pupils of North Saanich school. Today the structure is better known as the Canadian Legion Hall on Mills Road. Their teacher, the late James Monk, who passed away at Sooke about three years ago, stood proudly with the students while the photograph, reproduced above, was taken. Those in the picture are identified, from left to right as: front row, Ernest Jackson, Harry Cook, Nellie Norris, Jean John, Jack Lannon, George Sangster,

Brownie Horth and Mike Lannon; second row, Hazel John, Nellie Bowen, Aggie Shopland, Herbert Shopland, Joe John, Pete Lannon, Harold Norris, Willie Wain, Frank Shopland, Nelson Musgrave, Newell Copeland, Douglas Horth, Elmer John, Bert Shopland and James Lannon; third row, Teacher James Monk, Chic Bowen, May MacDonald, Jewel Bowen, Millie Horth, Alex Sangster and Kate Sangster. A number of the pupils are still residents in this district and readers may find some entertainment in identifying them.

An Impressive Flower Garden

The garden of George Fleming on Marine Drive is an impressive sight at present. Although Mr. Fleming has resided on that site for only a couple of years, he has developed a flower garden which is drawing high praises from passersby. Blue and yellow flowers have been cleverly arranged to give a most impressive effect. The gardener has sold many seeds and plants from his garden, donating his receipts to Rest Haven hospital.

Hospital Improvement District Embracing Gulf Islands Is Created by Government

—Maurice Atkins Appointed Returning Officer

By order-in-council the British Columbia government has created a hospital improvement district to embrace Galiano, Mayne, Saturna, North and South Pender and Salt Spring Islands. The government's action followed the presentation of a petition to the minister of health, Hon. Eric Martin, asking the creation of the district.

For many months residents of the affected area have pressed for the formation of the hospital district to pave the way for construction of a new Lady Minto Gulf Islands hospital. The existing structure at Ganges has served the islands territory for many years and today is hopelessly outmoded.

PRESENT PETITION
Meetings have been held on the various islands and the entire project thoroughly aired. A petition was widely circulated and scores of signatures secured. On presentation of the petition to the government, the district was formed.

Next step will be the election of trustees to handle the affairs of the new hospital district. The cabinet has appointed Maurice Atkins of Ganges, former well known Brentwood cruiser operator, as returning officer. A date for the nominations and the election will be announced shortly.

MONEY BY-LAW

The elected trustees will then proceed to draw up a money by-law which would be presented to the ratepayers for approval. In this way construction costs of the new structure would be borne partly by the federal and provincial governments with the remainder placed on the taxes of the property owners. A site for the proposed new

Sidewalk Job Half Finished

Good progress is being made by workmen of Farmer Construction Co. in laying 3,000 feet of new sidewalk in the village of Sidney. The big job is about half finished at the present time. Village commission has agreed that sidewalk should be laid on the south side of Henry Ave. from Fifth St. to Seventh St. and excavation in preparation has been completed. Grading of Beacon Ave. in the vicinity of Mason's Exchange has also been done prior to the laying of sidewalk.

Meanwhile Sidney Paving Ltd. is also making good progress in repaving the hard-surfaced sidewalk on the east side of Fifth St. It is expected that this contract will be completed this week.

Gulf Islands Must Not Be Left Isolated

In its issue of Wednesday, May 18, the Vancouver Herald, published by Gerald M. Brown, had the following to say editorially on the subject of "Gulf Islands Must Not Be Left Isolated".

A series of bridges linking the Gulf Islands to the Mainland and Vancouver Island was proposed in Vancouver the other day.

The undertaking would be of such proportions that the suggestion of it caused even B.C.'s Highways Minister Gagliardi, ambitious forerunner of super bridges, to catch his breath.

From an engineering point of view the project is feasible. The problem is cost. But at the rate the financial problem for links over gaps heretofore considered uneconomical is being solved by the increasing rate of motor car traffic on a toll basis, a Gulf Islands bridge system might become practical sooner than most people think.

Meanwhile, Washington Senator Magnuson's proposal has drawn attention to the near-isolation, transportation-wise, of Canada's "paradise" islands of the Gulf of Georgia. Salt Spring, with its 2,500 population, has good motor car ferry connection with Vancouver and Mr. Gagliardi, though providing a subsidy, has now had this extended in a limited way to the Pender Islands. But since the withdrawal by the C.P.R. of its Vancouver-Sidney ferry there is no motor car ferry service to the other islands or between the whole group and Vancouver.

The languishing state of the Canadian Islands is in sharp contrast to the active and settlement on the nearby islands which lie on the United States side of the international boundary line. Reason for the difference is that the U.S. islands enjoy a modern ferry service linking them with Anacortes on the U.S. Mainland and Sidney, near Victoria, on the Canadian side. This service is maintained by the State of Washington. It is what the British Columbia government must duplicate on the Canadian side, if the islands are to fulfil their destinies.

The Canadian Gulf Islands are

man was W. M. Mout, of Ganges; while the executive committee consists of Mrs. Hastings, Mr. Mout, Archdeacon G. H. Holmes and John R. Sturdy.

Board members are the above with: Mrs. Austin Wells, Mrs. Alex McManus, Geo. Hoincey, R. Price, Dr. W. J. McAllister and J. Bate. Group Captain W. E. Dipple is secretary, with Joseph Jones as auditor.

To serve such inland communities the B.C. government builds and maintains roads. If it were possible to build roads to the Gulf Islands, the provincial government would be obliged to do so. But as connection by road is not possible, the government is just as much obliged to provide ferry service, such as the State of Washington is providing.

The time has come for the B.C. government to consider its duty to the Gulf Islands in that light. They must not be left isolated.

SUFFERS INJURY
Mrs. R. C. Marlmann, Third St., suffered a fractured arm in a fall at her home last week. She was treated in Rest Haven hospital.

BUSY AFTERNOON

They sailed to Swartz Bay and drove to Sidney where they conducted considerable business and

queen's ball at the community hall on Monday evening. Three unsuccessful contenders for the title were Beth Bellhouse, Norma Evanoff and Diane Irwin—Times cut

SIDNEY WATER

Approved for Use on Ships at Sea

Water distributed by Sidney Waterworks District has been approved for the use of ships at sea.

This outstanding approval is of special significance when it is realized that water for marine use is normally chlorinated. The Review knows of no other supply in the west coast which vessels are permitted to use which is not chlorinated.

Trustees of Sidney Waterworks District are naturally jubilant. Since 1947, when the present district was formed, the board has put forward every effort to improve the supply and trustees are gratified to learn that such unqualified approval has been granted.

A survey was made by the federal department of health engineering division and samples of

Sidney water were examined for the past three years. At the conclusion of the survey, full approval was granted for the use of the water by ships.

DRAINAGE MAP IS COMPLETED

Complete topographical drainage survey map of the area adjacent to the western boundary of the village of Sidney is available for inspection by the village commissioners. On Thursday evening J. D. Tisdalle, M.L.A., addressed Sidney Social Credit group. He announced that the map was completed and he invited the commissioners to accompany him at their convenience to the Parliament Buildings for an inspection of the map.

The survey was carried out at the request of the commissioners. The village authorities have been concerned at the heavy volume of flood water which rises in the unorganized territory outside the village and engulfs part of the community each year.

Mr. Tisdalle gave no intimation as to the time when the drainage work is likely to be carried out.

The Saanich member referred to the \$5,000 allocated to the construction of Fifth St. He observed that he was disappointed in the allocation and would have welcomed a major contribution to the completion of an access road to Sidney.

WAS VESSEL OUTFITTED AT RETREAT COVE?

The Indian canoe "Tillicum" which was sailed around the world by the late Captain Voss, is in the news these days. The vessel occupies a position of honor in Victoria's Thunderbird Park. Recent news stories have suggested that the canoe was rigged for its long voyage in Victoria. A Sidney old-timer is certain that he saw her at Retreat Cove on Galiano Island in 1900. At that time, if his memory serves him correctly, she was being rigged to Captain Voss's specifications. He suggests that old-timers of the islands might agree or disagree with his contention that the famous vessel was outfitted on Galiano Island.

RESORT OPERATOR

E. J. Wilson of Solmar, a summer tourist resort at Beaver Point on Salt Spring Island, was a Sidney visitor this week. Mr. Wilson told The Review that the property has been sold but that he and Mrs. Wilson will continue in residence until fall, operating their resort as usual this season.

SOUTH PENDER ISLAND LADY ENJOYS FULL DAY OF BUSINESS AND PLEASURE

A South Pender Island lady is enthusiastic about the new service linking Port Washington with Fulford Harbor and Swartz Bay. And she is making good use of it.

Mrs. A. E. Craddock and her daughter, Miss Pat, left their home on South Pender at 6:30 a.m. last Thursday, drove over the new road and the new Pender Islands bridge and caught the Cy Peck at Port Washington at 7:30 a.m.

They sailed to Swartz Bay and drove to Sidney where they conducted considerable business and

enjoyed lunch at Hotel Sidney. Driving on to Victoria they visited friends and then returned to Swartz Bay, catching the ferry for Fulford at 3 p.m. They were in Ganges shortly after four o'clock, conducted business and visited friends. They called on Mr. Bennett, who is recuperating in Lady Minto hospital from burns suffered when his home was destroyed by fire.

They returned to Fulford, catching the ferry at 7:30 p.m. and were home by 10 p.m.

"Never before have the people residing on the Penders been able to enjoy such a day, mixing business with pleasure," says Mrs. Craddock in a note to The Review.

FIREMEN ARE BRAVEST MEN IN WORLD, WRITES YOUTHFUL FAN

At the beginning of the month pupils from Saanich school were conducted around Sidney Fire Hall by Fire Chief G. A. Gardner.

The youngsters inspected the equipment and were permitted to handle a hose; during which a number of children experienced narrow escapes from a soaking.

Upon their return to school the children were required to write an essay on their experience. The six best descriptions were sent to the fire chief by Miss M. Lane, the teacher responsible for them. The writers are all of grades two and three.

"Firemen are the bravest men in the world," said Penny Clark, aged eight. While Penny described life saving as being for the "nearly dead", nine-year-old Jim Ross attributed its value to the "nearly drowned".

THEY ARE PLASTIC

"He showed us how to help people when they get too much smoke or get drowned," reported Toni Adamson, seven. "He told us what the hats were made out of and they are made of plastic," recalled seven-year-old Jean Ross.

Bible Fund Canvass Is Planned In Area

Campaign for funds for the British and Foreign Bible Society officially opens in the Peninsula on Sunday, May 29. Ministers of many churches in this area will make special mention of the campaign on Sunday.

In 1954 this community contributed \$635.50 towards the bible fund. Sponsors of the campaign are raising their sights higher this year.

Homes throughout the Peninsula will be canvassed as in previous years. Funds raised are devoted to the purchase of bibles published in the language of the country for which they are destined.

"We had fun at the fire station," wrote Sharon Crossley, nine.

Teddy Mason, eight, was teased. "At the fire station all the boys held the hoses," he wrote, "and Jim Ross got water up his sleeve."

These letters are among the records of Fire Chief Gardner now. They represent the most youthful commendation the department has received to date.

HAZARD IS HIGH IN EAST

Health hazard existing from day to day was the most significant feature of Hong Kong discovered by Mrs. E. Higgins, Bazar Bay Road, on her recent visit. To implement her own recollections, Mrs. Higgins brought to The Review a newspaper clipping from the far eastern city.

The clipping concerns the health report in Hong Kong for one week. Listed are 53 deaths among 430 reported cases of tuberculosis; 44 cases of diphtheria with 12 deaths; 19 cases of enteric fever with three deaths; six cases of measles with two deaths; 14 cases of dysentery with one death; and two cases of malaria with one death. These are the returns for one week in last December.

Number of dumped bodies found in the colony for a week totalled 37; five in Hong Kong, 30 in Kowloon and two in the New Territories. Number of deaths from all causes in that same week totalled 435. Number of births during the same period amounted to 1,896.

Last year volunteers of the Canadian Cancer Society made and distributed free 3½ million cancer dressings.

The stomach death rate from cancer of the male has dropped 19.8% and the female 21% in the past 12 years.

LEGIONNAIRES TAKE DUNCAN TWICE MONDAY

Sidney Legionnaires continued their winning streak on Monday when they won both games in a double-header at Sidney Memorial Park against Duncan. The Legion-sponsored team was playing in the 18-and-under baseball league.

The morning game resulted in a 4-2 win for Sidney and the afternoon left the Legionnaires on the right side of a 6-3 score.

The morning game was tied up until the last inning, when Harold Jacobsen made a two-base hit, bringing in two runners.

Pitchers were Jacobson, George Holt and Jack Egeland, all of whom pitched good ball.

The picture was marred in the last game, when Jack Egeland suffered a severe cut on his left hand. He cut his hand in sliding and required medical attention.

The Babe Ruth team lost to Victoria United Community Travelers next by 13-1.

Next game will be on Sunday in Sidney, when the Legionnaires will meet the Victoria Page Cleaners players.

Fine And Probation For Two Juveniles

Two juveniles were fined \$25 on Saturday by Magistrate F. J. Baker when they appeared for sentence in Sidney R.C.M.P. court.

The two had already been in court the previous week. They had been remanded for sentence.

The boys had been charged with the theft of boats and equipment and being in possession of a sawn-off shotgun.

They were also placed on probation for 12 months.

Beer was the standard beverage in Britain 100 years ago.

New Store Attracts 1300 Visitors

In response to an expected attendance of 600 persons, 1,300 people visited Slegg Brothers' store in Sidney on Friday and Saturday of last week.

Marking its new policy of merchandizing Marshall Wells products, the store was formally opened on the two days of last week. In addition to the 1,300 who signed the visitors' book it was estimated that another 200 entered by the rear door without recording their attendance.

The store of the steam iron given away on Friday was Mrs. Patricia Bland, of Canoe Cove, Saturday's prize of a Sunbeam Mixmaster was won by Miss Betty Meadows, Central Saanich Road.

Paper is made by wasps.

Failure To Report Accident Costs \$10

Failure to report an accident cost Thomas W. Henderson, Victoria, a \$10 fine when he appeared in Sidney R.C.M.P. court on Saturday. Magistrate F. J. Baker imposed the fine and costs of \$3.50 when Henderson pleaded guilty.

It was stated that Henderson left the road at Wains Cross Road and damaged the fence alongside Moulton Brothers' property.

Donald R. Agate, also of Victoria, was fined \$10 and costs of \$5.50 for being in possession of liquor while a minor.

Rayon and acetate fibres, chemicals, plastics, photographic film, explosives and transparent wrapping papers are made from a highly refined form of wood pulp called high alpha cellulose.

MOUNT NEWTON ATHLETES

COMPETE IN INTER-SCHOOL SPORTS

Mount Newton athletes gave a good account of themselves at this year's inter-high track and field day for District No. 63, gaining second place.

Final standings were: North Saanich, 134 points; Mount Newton, 117 points; Royal Oak, 104 points.

The junior girls' division was outstanding, bringing home 55 points for Mount Newton. Final standings in the different classes were: North Saanich junior girls, 25; junior boys, 33; senior girls, 27; senior boys, 36; open 13. Mount Newton, junior girls, 55; junior boys, 20; senior girls, 38; senior boys, 2; open, 2. Royal Oak, junior girls, 6; junior boys, 33; senior girls, 26; senior boys, 35; open, 4.

The second place gained brought Mount Newton 12 points for the F. N. Wright trophy. The school is now tied with Royal Oak.

Star performers for the school were: Laurelle Duncan, Daphne Sluggett, Gail Logan, Sharon Butler, Lois Holloway, Gloria Andrej-kew, Gloria Lomas, Janet Tidman, Doreen Bickford, Jessie Peard, Mabel McQuillan, Joan Curi, Charlotte Ann Baade, Carol Steele, Kathleen Callander, John Kelly, Jack Mar, Eddie Steele, Jack Turner, John Jacobs, Mervin Deyotte, Joe Taylor, Barry Crooks, Dave Lewis, George Hartshorn, Mundi Pedersen and David Paul.

ALARMING
It was one of mother's most hectic days. Her small son, who had been playing outside, came in with his pants torn.

Mother (sternly)—You go right in and mend them yourself.

Sometime later she went to see how he was getting along. The torn pants were lying on the chair. The door to the cellar, usually closed, was open and she called down loudly:

Mother—Are you running around down there without your pants on?

Reply—No, madam, I am reading the gas meter.

WEE! WEE! WEE! WEE!

A newly married couple were entertaining and among the guests was one whose conduct was rather flippant. At supper he held up on a fork a piece of meat which had been served him, and in a vein of intended humor, remarked, "Is this pig?"

"To which end of the fork do you refer?" asked a quiet looking man sitting at the other end of the table.

France is world's number one drinker of wine.

CENTRAL SAANICH

SUCCESSFUL TEA AND SALE AT SAANICHTON

Saanichton Agricultural hall dining room was bright with spring flowers and gaily decorated tea tables last Saturday afternoon for the highly successful spring tea and sale held by Shady Creek W.A., who were splendidly supported by members of the Shady Creek choir and congregation.

Representatives from the Sidney and Brentwood W.A.'s were invited to pour the tea, with which a dainty and delicious lunch was served.

Quantities of choice home cooking, miscellaneous items, and plants were very generously donated, but business was good and they diminished rapidly.

Proceeds, which are to be used to improve the church and grounds, far exceeded expectations and were a pleasant surprise to all concerned.

FROM COMMONWEALTH

Most of the unmanufactured tobacco imported by the U.K. in January and February came from Commonwealth countries. They sent 20.6 million pounds which was about two-thirds of the total (32.9 million pounds). In the first two months of 1954, their contribution was 44 per cent of total imports. The 1955 Commonwealth figure is made up of 13.2 million pounds from Canada (12.6 million pounds more than in 1954), 5.9 million pounds from Rhodesia-Nyasaland (.8 million pounds more) and 1.6 million pounds from India (a slight decline).

BRENTWOOD

Several Brentwood residents made the trip to Genoa Bay on Saturday to see the Capital City Yacht Club opening cruise. Mr. and Mrs. Alex Cuthbert, Beach Drive, accompanied Mr. and Mrs. M. Clair Watts of Ardmore on their boat, Clairmarloje, and spent the week-end there. Mr. and Mrs. Harold Cross, Sea Drive, were accompanied on their boat, Sea Haven, by Mr. and Mrs. Charlie Cox. Mr. and Mrs. Herman Wood, Beach Drive, made the trip in their boat, Herneva. Mr. and Mrs. Ryo Tidman accompanied Mr. and Mrs. Rowland Brown, Boulderwood, in their boat, Saan-Shi.

Barrie Lee, 10-year-old son of Mr. and Mrs. Ernest Lee, Verdier Ave. won a bicycle, the first prize in a Parkway margarine coloring contest for children in the age group from 9 to 12.

On Thursday afternoon the W.A. to the Brentwood United church held their monthly meeting at the home of Mrs. A. Cuthbert, Beach Drive. The vice-president, Mrs. Olorenshaw, presided in the absence of the president, Mrs. G. Moody. The meeting opened with a hymn, and Mrs. H. Simpson took the devotional period. After a very gratifying financial report was given by the treasurer, it was agreed to put aside \$100 for the church building fund. A report was given by the visiting committee and the remainder of the afternoon was taken up in making arrangements for the spring tea, being held the

THEY ONLY WANT ONE DEMOCRAT

Members of Brentwood Community Club have sent out a call for

following Wednesday. The next meeting will be held at the home of Mrs. Hindley, Hagan Road, on Thursday, June 16. Tea was served by the hostesses, Mrs. Hougan and Mrs. Hindley.

BLISTER-PROOF GUARANTEE

PRINTED ON EVERY CAN OF

MARSHALL-WELLS FORMULA 5

HOUSE PAINT

This NEW KIND OF HOUSE PAINT bonds so tightly on new wood moisture can't get through. New **FORMULA 5** is fume- and stain-proof, too!

The most severe test you can give paint is on new wood. Here "Formula 5" gives you a startling demonstration of two of its big advantages. It's completely self-priming — sealing the wood pores to provide its own best undercoat. And it's 100% blister-proof — so fully bonded that no moisture can make it blister . . .

Many will say this is impossible — but Marshall-Wells stands behind every can of "Formula 5" with a double-your-money-back guarantee! Five years of rigid testing on homes and in our laboratories proved that the qualities that make "Formula 5" blister-proof on new wood

also make it the most blister-resistant paint you can apply to previously painted wood! Furthermore, it will not stain from rusting or corroding metals, nor discolor from sulphurous fumes in the air.

Use the new "Formula 5" House Paint on your new home or next repaint.

HOSPITAL IMPROVEMENT DISTRICT

CULMINATING months and months of arduous spade-work on behalf of proponents of a hospital improvement district to embrace the entire Gulf Islands group, the provincial cabinet has created the district. The government could scarcely take any other stand in view of the largely-signed petition which was presented recently.

Feelings in many quarters ran rather high during the preliminary discussions. The Review recalls one stormy meeting at Ganges when opponents did not entirely agree on the advisability of the project. But we know the calibre of residents of this area well enough to know that complete unanimity will return now that the matter has been settled once and for all.

Everyone agreed during the entire discussion period that a hospital was a vital necessity to the district. It was the manner in which its services were to be paid for which was the bone of contention. Ratepayers will shortly be able to express their views on payment in a concrete way—at the polls. A trustee board will be elected and a money-by-law prepared. If the ratepayers feel that the plan is too ambitious and too costly, they can turn it down and urge their trustees to submit another less costly one. But under the present system of a hospital district, the democratic means is provided for the taxpayers to state what they want. We can find nothing wrong with that.

Leaders of the movement which brought about formal formation of the hospital district must derive considerable pleasure from seeing the fruitful results of their tedious efforts. Mrs. Warren Hastings in particular, who headed the hospital's board of management during the formative period, must be greatly encouraged at the progress made. We're confident that the day will come when all Gulf Islanders will be grateful for the work that she and her team mates have done for this district.

THEY'VE ACTED IN GOOD FAITH

MEMBERS of the Sidney village commission have acted in good faith in deciding to invest a considerable sum of money in construction of a sidewalk on Henry Avenue from Fifth Street to Seventh Street. The job is now being carried out. It only remains for others to see that the new walk is put to its proper use.

Months ago this newspaper pointed out editorially the danger to school children walking on Henry Avenue to Sidney elementary school. The roadway was jammed with youngsters, meandering all over the roadway. It was feared that a serious accident was certain to occur, no matter how careful motorists were.

To eliminate this danger a sidewalk is now being constructed. It remains for the school children to stay on the sidewalk and walk in safety to their classrooms. Otherwise the taxpayers' money has been wasted.

MONDAY HOLIDAYS

WE chanced to meet a gentleman from Ontario the other day. Immigrants from that eastern province are not always wrong in their thinking. So we paid heed to his remarks.

This resident was profanely incensed against the decision of the federal government to declare May 24th always a Monday holiday regardless of which day the birthday of Queen Victoria fell.

He held in utter contempt this violation of old traditions. Ontarians are known to honor traditions of all kinds.

Our visitor scorned observation of Queen Victoria's birthday on May 23. He would rather have had the holiday cancelled than advanced a day.

He developed the modern trend further. Soon Good Friday will be celebrated on a Monday, he was certain. Christmas Day, when Christians honor the birth of their Saviour, will soon be marked only on a Monday, he forecast.

He wound up his rage in a fury. "Our governments even water our whiskey today and don't use pure water in the process," he moaned. Away he went to assuage his thirst with watered spirits.

The Review agrees in part with the Ontarioan. We wouldn't like to see Good Friday and Christmas Day celebrated on a Monday. Neither do we like to mark May 24 always on a Monday.

Letters To The Editor

FERRY SERVICE

Editor, Review,
Sir:
In one of your recent issues we read of the Lady Rose dropping Port Washington as a call from its summer schedule. We also have a copy of a letter by the operators of the same transportation company to the provincial highways department making the same statement.

A copy of the summer schedule for the Lady Rose has just now been posted at Port Washington for the convenience of the travelling public and it includes this call four times a week.

Was it just another bluff by the operators of this company to force these people to fall in line with their plans or was it an intimidation to try and have our subsidized ferry service to Port Washington cancelled or are they realizing that the car ferry to Swartz Bay is complementary and beneficial to their own by the sharp upsurge in business and travel it has already created here on Pender Island? One has only to consult the figures of the ferry to realize how these people wish to travel.

For any transportation company

to make such statements to be contradicted in the next breath, in our opinion, is very bad publicity for them as a public carrier.

How do they ever expect to build up these islands to a point where it will be profitable to have a larger ship if they try to restrict car traffic which is the modern way of travel, and after all, a car ferry is only a highway link. Are we to be deprived of the use of highway connections for which we all pay our equal amount of taxes, or are they only for those fortunate enough to be on one?

DON COUSINEAU,
Pender Island, B.C.,
May 22, 1955.

ENJOY SKYLARKS

Editor, Review,
Sir,
From one very decided point of view, the best of all in wild life is each specimen of the song bird, and of these, the English skylark is in front rank. Whoever was the man introducing such a gay songster to Vancouver Island from England, should have his name inscribed on the archives of Central Saanich if not in John Dean Park. Early in this century the difficult transfer was made.

Now, in various parts of this Peninsula, the skylark is a frequent entertainer. He has made one division between Skelly and Keating Cross Roads a specially favored haunting ground. His delightful

The Review's Book Review

"The Day Lincoln Was Shot" by Jim Bishop. Harper. \$3.75.

On April 14, 1865, the last shot of the American Civil War was fired. It was fired by an actor, whose southern sympathies exceeded his awareness of conditions then prevailing. John Wilkes Booth entered the pages of history when he assassinated President Abraham Lincoln. This is the story of that assassination.

F. G. Richards

To a student of American history it is of particular significance for its casting considerable light on a brief incident. To the outsider it is an interesting crime story. The writer

voice is familiar to men remembering it from days of their youth spent in the south of England.

What a compensation for a genuine countryman! The citybirds are welcome to their strikes and strikers. Listening to skylarks, and the miracle of many voices over radio transmission services is for the better pastime.

Luckily, in this part of America, we are not denied this or any other healthy privilege.

PHILIP HOLLOWAY,
Central Saanich, B.C.
May 21, 1955.

NOT A DISCUSSION

Editor, Review,
Sir,
If ever a word was out of place or misplaced it was the word "discussion" in your opening headline last week. How could you call the meeting at Galiano last Wednesday in any sense a discussion?

The chairman at the outset of the meeting stated there was to be no discussion allowed. It would never do for the Galiano people to hear the other side of the transportation question or be told that 20 trucks and cars used the ferry on the day trip the first week, and 19 last week. With three out of the four speakers telling us we should get together and resolve on some solution agreeable to all the islands.

This non-discussion mandate from the chairman made one come to the conclusion it was obvious that the meeting was simply a propaganda meeting on behalf of the Lady Rose and the Gulf Islands Navigation Co. The one comment I heard was "what a waste of time."

Again, one would naturally infer from your headline that the meeting called for May 25 on Mayne Island was a continuation of this discussion. Nothing could be further from the truth. As this meeting was called as a protest and an assurance that people attending could say what they thought about the transportation question.

The chairman of the Galiano meeting described a subsidized service to Port Washington as a "creeping paralysis". There must be a lot of creeping paralysis in B.C. Salt Spring residents have had 25 years of it. We want the opportunity of repeating what happened on South Pender yesterday, when the farmers of that Island shipped, for the first time in their history, a truck load of lambs directly loaded on the farm to Victoria at a great saving of time and labor, let alone money. Then let's have some more of this "creeping paralysis".

Does it not seem strange that with the advent of the Lady Rose some Bureau members, past and present, who have been on occasion to Victoria seeking a subsidized ferry, should now decry its operation. Please notice too, it's only the Pender ferry that is condemned. After eight months' trial we here are convinced this is the transportation we want and a frequent, reasonable rate service to Victoria is to our best interest.

People living on this Island are entitled to first consideration and visitors, while welcome, must fit into our transportation service. To this end a trip to Sidney from Port Washington and return at a cost of \$3.20 for two people is preferable to the rate of \$12.75 on the Lady Rose, and will induce people to travel oftener.

No doubt, ere this is published we shall have exchanged ideas at the Mayne meeting. Let us hope it will contribute something to the well being of all the Islands. I could think of nothing better than a continuation of the service we have, to these Islands by the Cy Peck.

Thank you, Mr. Editor, I no doubt will continue to annoy some, to please some, but have the satisfaction of trying to make at least the Penders a better place to live.

G. PEARSON

Hope Bay,
North Pender Island, B.C.
May 20, 1955.

AGREES WITH REEVE

Editor, Review,
Sir,
Reeve Brown's suggestion printed in last week's Review to submit a plebiscite on a local improvement by-law to the ratepayers is the sensible and fair way to settle once and for all the controversy over Bluggett Road and other similar road problems in our municipality.

OFFICE STAFF IN VANCOUVER ON ITS TOES

This newspaper is grateful to the staff of the Undelivered Mail Office in Vancouver for its good work in forwarding a letter addressed as follows:

The Editor,
Sidney Review,
B.C.

The letter was sent by a subscriber on Galiano Island and contained a most welcome cheque.

has gained vast sources of information on the death of the president and has written an interesting story of murder, politics and the ultimate mishandling which led almost to the escape of the parties concerned. The reader is sometimes left to wonder whether Lincoln would have been written into history with so much affection had he not been assassinated. The European papers and periodicals of the time were busily lampooning Lincoln until the time of his death. Notable in this category was Britain's Punch, which had been unmerciful in its ribaldry at the statesman's expense. His untimely death met with a strong story explaining that Lincoln alive was fair meat, but that

I for one would not like to see \$900 of taxpayers' money thrown away on a half-done job. We have it on good authority that the above amount would not bring in to do the job properly.

ED. LOGAN,
R.R. 1, Brentwood Bay,
May 24, 1955.

WANTS REFERENDUM

Editor, Review,
Sir:
After reading the statement by Reeve H. Brown of Central Saanich, I wish to endorse his policy regarding local improvements within our municipality.

The payment of these projects should not come out of the taxpayers' general revenue to which every taxpayer must contribute, local improvements being primarily for the benefit of certain property owners. I understand that other municipalities in this area have followed a local improvement policy for years and this includes our neighbors to the south.

It is dangerous to create a precedent of this nature as considerable friction will surely result.

I think the council would be wise to have a definite policy on their local improvement proposals and submit a referendum to the electorate at the next general election.

C. DADDS,
R.R.1, Saanichton, V.I. B.C.
May 24, 1955.

Reflections From the Past

10 YEARS AGO

Residents of Sidney area and at Ganges were roused on Monday morning, shortly after seven o'clock by the wall of a siren. The call was made to announce the end of the war in Europe. Stores in Sidney were closed on Monday afternoon and all day on Tuesday.

John Steele experienced a narrow escape on Sunday evening when he picked a practice bomb detonator off the beach. The detonator exploded in his hand and occasioned severe burns. The 16-year-old boy was rushed to Rest Haven hospital by A. Sansbury.

Honored guests at a Victory tea in Harbour House, Ganges, on Sunday will be Maj.-Gen. G.R. Pearkes, V.C., D.S.O., M.C., and Mrs. Pearkes.

Thieves entered the Sidney Liquor Store early on Tuesday morning and stole an undetermined quantity of liquor. Incident was discovered by provincial police officers making a patrol at 2 a.m.

20 YEARS AGO

C. H. Dickie, M.P., informed the North Saanich Conservative Association on Tuesday that the public

Lincoln dead was a tragedy.

The later capture of persons concerned and the trials of various people, both innocent and guilty, are typical of the period, when police methods were not developed to the level we know them today.

Light note to the story was the reminiscence concerning Ford's Theatre, where the incident took place. The building was confiscated. The owner later gained \$100,000 compensation for its confiscation. It was then used as a government office. Twenty-eight years later the floors of the building collapsed and more than a score of workers were killed. Thus Ford's came into notoriety as the scene of blood and it went out in the same flamboyant manner.

It is an interesting book, but of less appeal here than in the United States.—F.G.R.

30 YEARS AGO

John Matthews has commenced work on the new annex to Matthews hall in Sidney. The new structure will measure 90 feet by 50 feet. The present hall measures 30 by 40 feet. The total hall area, when completed, will be 120 feet long. It will be the largest hall in the district.

Fulford hall, which was destroyed by fire last week, is to be replaced by a new structure. No indication has yet been found of the cause of the disastrous fire.

The present development of the civilized world is probably due more to the fact that man can record his thoughts and ideas on paper than on any other single factor.

NO SHORTAGE OF WATER IN SIDNEY AREA

Parksville-Qualicum Beach Progress reports that the village commission of Parksville has ordered restrictions on the sprinkling of lawns and gardens in that area. The restrictions went into effect on May 20.

Parksville secures its water supply from a well. Sidney Waterworks District supply also comes from wells but no restrictions have been placed on consumption here for many years. Amount of water which each household may consume for a minimum charge was boosted this season.

NORTH PENDER

Mrs. D. Harvey has gone to Vancouver.

Mrs. E. Logan and Mrs. G. Logan returned from Vancouver on Saturday, after a couple of days away.

Mr. Spencer spent a week in Vancouver.

Mrs. Symes returned home on Thursday on the Cy Peck; also A. Lister, from Quathiaski Cove, after visiting with his daughter and family.

Mrs. Stebbings returned from Vancouver, after attending the United Church conference in the Shaughnessy Heights United Church, from May 10 to 17.

Mrs. Spinks, a friend of Mrs. Muncester, and her guest for a few days, returned home to Vancouver.

Muriel Corbett visited with her parents for a few days.

Mrs. Mathie, from Victoria, spent three weeks with Mrs. G. Logan, returning home this week.

Mrs. F. Foster has returned home from the Lady Minto hospital, Ganges.

Mrs. R. Foster went back to Vancouver on the Lady Rose after a short stay on the Island.

Mrs. Hanna has spent two weeks at her Island home, returning to Vancouver on Thursday.

The guild meeting of St. Peter's Anglican church took place at the home of Mrs. Starker on Friday.

MAYNE

Many visitors arrived on the M.V. Lady Rose from Vancouver this week-end. Among them were Mr. and Mrs. Gudmundsen and family, Mr. and Mrs. Barnes and daughter, Mr. and Mrs. Chatwin, Miss Dorothy Vigurs and her girl friend from Vancouver; Frank Schuler and a friend.

The children enjoyed a picnic and games on Monday at Village Bay, the home of Mr. and Mrs. Dalton Deacon.

Tombstone

In the "tombstone" match played at Galiano Golf Course on Sunday, May 22, Mrs. D. A. New finished on the 17th fairway to win the honors for the ladies' prize.

J. P. Hume, who finished on the 18th, won the men's class.

NEW FORM OF FISH FREEZER

Canadian National Railways research technicians have now come up with a new and better way for preserving the flavor and freshness of fish.

A container, known as a "Canex", has been devised in which fresh fish can be kept, without the loss of juices or delicacy, while being shipped from the Atlantic seaboard to points as far west as Winnipeg. Fish may also be shipped from the Pacific Ocean to Winnipeg, making the Canex service nation-wide.

The freshly caught fish is pre-chilled to a temperature of 29 degrees—just above its freezing point, and then placed in the container. It can be kept at this temperature for at least 100 hours.

The new method is proving popular in diners. It is being tried on the "International Limited" and the "Inter City Limited" between Montreal and Toronto, and on the "Ocean Limited" between Halifax and Montreal.

An excellent dance, which was very well attended by both Mayne and Galiano residents, and also some other islands, was held at the community hall on Saturday night. The music was supplied by Mr. and Mrs. Warlow, from Saturna. Norman Georgeson won the prize, a decorated ham and trimmings.

On Tuesday a tulip and spring flower show will be held at the hall. Miss Underhill and her brother, Henry, returned by plane to Vancouver this week.

Mr. and Mrs. Chatwin are the guests of her sister, Mrs. Worthington.

THE GULF ISLANDS

GALIANO

Mr. and Mrs. Lloyd Garner, with their four small children, are visiting the former's brother-in-law and sister, Mr. and Mrs. Fred Robson. Also visiting at Galiano Lodge are Mr. and Mrs. Ernest H. Pellant and James Davis, Vancouver.

Miss Susanne Dawkins, of West Vancouver, is spending two weeks at the Rip Point cabin of Mr. and Mrs. D. A. New.

Mr. and Mrs. Campbell and Mr. and Mrs. Marshall are staying at their summer cottages at Twip Beaches.

W. A. Scoones is spending a vacation with his mother, Mrs. A. E. Scoones.

Miss O. Bentley is visiting her sister, Mrs. F. T. Price, at Cain Cottage. Mrs. Howden is also a guest of Mrs. Price.

Mr. and Mrs. P. Higgenson, of West Vancouver, have arrived to spend a month at Cliff House, the summer home of Mrs. Higgenson's brother, Irving Sinclair.

Mr. and Mrs. Arthur Murphy, of Sidney, are the guests of Mrs. Murphy's parents, Mr. and Mrs. O. Heys.

Mr. Inkster and his daughter, Miss Carol Inkster, spent several days of last week in Vancouver, returning home on Saturday.

Visiting Mr. and Mrs. George Rennie for the week-end were Mr. and Mrs. Ray Somers, Mr. and Mrs. Charles Elmer, West Vancouver; Mr. and Mrs. Walter Mackey and small son, of Victoria.

Mr. and Mrs. E. Callaghan with their son, Ronald, are at their island home on the North End Road.

Miss Ulla Fries paid a brief visit to Sidney, returning home on Sunday.

Mrs. T. Tothill and Jev Tothill are spending some weeks at their summer home on Cain Peninsula.

Geoffrey Harding, of Vancouver, is visiting his uncle, Joseph Burrill.

Mr. and Mrs. D. A. New arrived aboard the Lady Rose on Saturday. Mrs. New will spend a week on the island.

Mr. and Mrs. Abner Scolas, of Ladner, are at their cottage for a few days.

Others visiting the island for the holiday week-end were Mr. and Mrs. O. H. New and family, Mr. and Mrs. A. H. S. Gould, and Tim Bambrick.

GANGES

Mrs. F. J. Nicholson arrived recently from Vancouver and is spending three weeks visiting her son and daughter-in-law, Mr. and Mrs. L. F. Nicholson, Scott Road.

Mr. and Mrs. John Harker and their son, Christopher, also Ian Laud, arrived on Friday from Vancouver and are spending the holiday week-end on Salt Spring Island, guests at Aclands.

Mrs. Hamilton Harvey arrived last Friday from Vancouver and is visiting her son and daughter-in-law, Mr. and Mrs. Jack Harvey, for some days at Vesuvius Bay.

Miss Lena Nowlan returned on Monday to Vancouver, after spending some days at Vesuvius Bay, the guest of Mrs. J. F. De Macedo.

Corp. Edward Bell, R.C.M.P., and Mrs. Bell, arrived from Vancouver on Sunday to visit the latter's relations, the Crofton family, prior to leaving Vancouver next day, Monday, for Prince Rupert, where Corp. Bell will be stationed.

Miss A. Alexander, of Victoria, is a guest for the week end at Aclands.

Miss Nonie Shove, who is accompanied by her cousin, Catherine Crofton, has returned to Victoria after spending the holidays visiting her parents, Mr. and Mrs. Graham Shove, "Galilee".

Miss Edith Stewart, who is accompanied by Mrs. M. Gross and Miss R. Gross, arrived on Friday from Vancouver and is spending the holiday week-end at her summer home, Southey Point.

Guests registered at Harbour House: R. McNeil, G. L. Goodship, W. Underhill, Eric Cross, Dr. and Miss Davidson, Mr. and Mrs. H. E. Tilt, Miss Sunny Stokes, Mr. and Mrs. L. J. Sherrard, Mr. and Mrs. A. J. Hutchison, Vancouver; D. C. Crossfield, A. Adamson, Duncan; J. Lloyd-Walters, Campbell River.

Dr. Charles Dent, of Vancouver, arrived last Friday at Vesuvius Bay, where he is visiting his brother-in-law and sister, Mr. and Mrs. W. K. Wickens, for a week or so.

Miss Clare Devine arrived on Saturday from Vancouver and is spending the holiday week-end visiting her mother, Mrs. J. B. Devine.

Mr. and Mrs. Hudson Conneley and Miss Betty Harvey, all of Vancouver, arrived last Friday at Vesuvius Bay, where they are spending some days with Mrs. Conneley's and Miss Harvey's brother-in-law, Mr. and Mrs. Jack Harvey.

Mrs. H. Murray, of Cape Town, South Africa, is spending a few days on the Island, a guest at Aclands.

David Harrison arrived from Prince George on Friday and is spending a few days as the guest of Mrs. I. B. Devine.

Mrs. Laurence Harrison arrived on Saturday from Vancouver and, accompanied by her three children, is spending 10 days on Salt Spring Island, visiting her parents, Mr. and Mrs. Frank Sharpe.

Mr. and Mrs. E. Malton and Linda arrived on Friday from New Westminster and are guests at Aclands.

PENDER VETERAN PASSES AWAY AT SHAUGHNESSY

First War veteran and a well known resident of Port Washington, George Ferguson Noble passed away in the Shaughnessy hospital on Tuesday, May 17. Mr. Noble served overseas with the Fourth Canadian Mounted Rifles, W.W.I. He was 67 years of age.

Surviving are his wife, Olive, at Pender Island; two sons, James T. England, and Flt.-Sgt. Jack Noble, in France; eight grandchildren and a brother, John L., in Vancouver.

Last rites were observed in Vancouver, when the Rev. H. Berry officiated. Interment was in Ocean View Burial Park.

lands for the holiday week-end.

Miss Millicent Hismer arrived on Sunday from Topeka, Kansas, and will spend the summer at Tantramar, Vesuvius Bay, where she is visiting her sister, Mrs. R. Eddy.

Following a two weeks' visit to her son-in-law and daughter, Mr. and Mrs. R. T. Rixon, at Port Angeles, Mrs. George St. Denis returned recently to St. Mary Lake, accompanied by Mrs. Rixon and her little daughter, Janet, who will spend a week or two with her on the Island.

After spending the winter in Vancouver, Mrs. M. Warren and Mrs. I. Simpson, returned this month to Salt Spring Island and have opened Vesuvius Lodge for the season.

Mr. and Mrs. J. D. Fletcher left Walker's Hook on Saturday, May 14, and flew to Toronto to attend the graduation of their son, J. Neil Fletcher, from the Canadian Chiropractic College. Mr. and Mrs. Fletcher intend to return home in about two weeks.

After spending the holiday week-end with her parents, Capt. and Mrs. T. A. Millner, Summerlawn Farm, Miss Anne Millner has returned to Vancouver.

Colin Jensen, Victor Hollingum and Harry Downes, who have been spending the week-end on Salt Spring Island, visiting Mr. Jensen's parents, Mr. and Mrs. J. G. Jensen, Vesuvius Bay, have returned to Vancouver.

Mr. and Mrs. Ian Simpson arrived from Victoria last week and have been spending a few days at their summer cottage, Vesuvius Bay.

JUST BECAUSE

A young man took his grandmother to the movies. After 10 minutes, the old lady wanted to get out. "The seat is so uncomfortable," she complained. "No wonder," he exclaimed, "you haven't turned it down."

SATURNA

Miss Betty Money and her friend, Diane Stratford, spent the week-end of May 24 with Betty's parents, Mr. and Mrs. J. E. Money.

Visiting Mr. and Mrs. Walter Warlow over the holiday week-end was Mrs. N. Evans, of Burnaby.

Walter Kay has returned home from a stay in Shaughnessy hospital. Mrs. Kay returned on Saturday's Lady Rose, accompanied by her young grandson, Rorie.

Plans made by Mr. and Mrs. Patrick Samuels for a large party of guests at Random Acres over the holiday week-end, were disrupted when the Samuels were called away on a business trip to the United States. Of the six expected, Miss Susanne Samuels and a friend arrived.

Mr. and Mrs. Morris Littler and son, Walter, are spending the week-end at their cottage here.

Mrs. Walter Warlow has returned home from a week's visit in Victoria.

The Island children had an enjoyable outing and picnic in the Anglican Mission boat, Goforth.

Mr. and Mrs. Pillsbury, with their children, Lucinda and Johnny, are settled at Saturna Beach for the summer. To attend school, the children will travel by outboard to Breezy Bay, and then by bicycle to Lyall Harbor. Mr. Pillsbury will be returning to the university in July to duties on the staff of the summer school.

BUREAU IS HOST TO VISITORS

A party of 18 persons arrived on the Lady Rose from Vancouver on Tuesday, May 17, to attend the Inter-Islands Improvement Bureau meeting, representing Vancouver newspapers, magazines, radio and

Wise Gardener

Notes From Saanichton Experimental Station

Many enquiries are being received about the spraying of strawberries for mildew control. It is too early to say how much infection is about this season, but weather conditions seem to be favorable for its spread.

In 1954 sulphur, at three pounds per 100 gallons, was applied when earliest fruits were one-third mature size (May 27) without a trace of residue at time of picking. If spraying is carried beyond this stage then less sulphur should be used to avoid a deposit on the fruit.

Captan is used in the strawberry fields of California to reduce fruit rots and is even applied between pickings. Aside from its fungicidal properties there is reason to believe that Captan increases fruit size when used throughout the season.

The excellent results obtained in 1954 were with one pound of Captan and three pounds of wettable sulphur per 100 gallons of water applied April 28, May 11 and May 27. About 100 gallons per acre will be needed but this depends on the spray equipment involving pressure and size of nozzle.

THINNING OUT.
Last week the location of a nursery bed for Brussels sprouts, late cabbage, cauliflower, broccoli and kale was discussed. Care of seedlings in the bed is not difficult, but there are a few points which must be watched in order to secure firm, stocky, well rooted plants ready for planting out at the proper time.

When the seedlings emerge thick-

ly, timely thinning must be done or else they will become spindly and will fail to give best results.

It is much better to sow thinly and thus avoid thinning, but it is not always possible to predetermine the thickness of the stand. For ideal plants spacing should be about one inch apart, and certainly not less than half an inch apart.

Where thinning is necessary, it should, of course be done when the soil is moist. Therefore, during dry weather, water the bed the day before the thinning is to be done. A slight crust on the soil surface tends to discourage egg laying by the adult of the cabbage maggot, and therefore it is a good practice to re-establish this crust by a light watering after thinning. In addition a dusting with a recommended insecticide will keep any danger of infestation to a minimum.

This is the season when steps must be taken to prevent damage by the narcissus bulb fly. Information on this subject is available in Canada Department of Agriculture Publication No. 905, by H. Anderson, entomologist, Victoria, B.C.

As Mr. Anderson's recommendations deal with treatments on both field and garden scale the publication should be of valuable assistance to a great many in this area. Copies of the publication can be obtained by writing to this station at Saanichton, B.C. or to Fruit Insect Section, Entomological Laboratory, Parliament Buildings, Victoria, B.C.

LAUNDRY COMES ON THURSDAY

AND SPELLS GRADUATION FROM CHORES

By DORIS LEEHAM HOBBS

Thursday morning is a happy morning for me . . . it is then that my laundry comes home. Now, that, to the clever, modern young housewife with her washing machine, her ironer, her dryer, her airy cupboard, means little; but to me the advent of my neatly wrapped parcels of spotless linen is sheer joy.

For 20 years now I have had the laundry vans at my back door and always I have that feeling of gratitude, when, for a small amount, I receive my flat wear sheets, towels, etc., ironed, folded and ready to use.

In my early days in northern Al-

berta, I had to start in, in the most primitive way, to do my washing. River water, sometimes as brown as cafe au lait, was brought to me in a barrel on a "stone boat", a little sled with heavy runners, drawn by a horse. With this, I had to do my sheets. Many's the time I left them to blow in the wind . . . to freeze, to bake in the hot sun, as, through the seasons, I struggled with my laundry. I am no ironer. I revel in man's (bless them) invention of nylon, orlon and the like, which obviates that horrid chore, ironing. Kitchen clothes and towels, which get so grubby, come back in a highly respectable condition. I am lavish with them, because I know I have no part in getting them clean again.

GRADUATION

Just as I have graduated from the wood stove of my early married

COMMISSION CONTRIBUTES TO COMMUNITY

Operating with the minimum of publicity Sidney Recreation Commission has maintained a steady contribution to the community during the past year.

Secretary of the commission, Mrs. F. A. Spear, prepared a list this week of the achievements of the organization.

The commission has contributed materially to Sidney Day. Sports equipment has been purchased for the community club and a projector has been acquired. Films have been shown to a number of local clubs. The projector is available for use by any club or organization with the sole stipulation that it may only be operated by a competent operator.

The commission has contributed to the Sidney and North Saanich Community Hall Association project.

Ballet dancing classes and square dancing instruction have been instituted here by the commission and major project at the present

time, to wood and coal as I neared civilization again; on through the era of gas heating, to a converted stove with oil; now, thank heaven, a nonstop oil range with electricity in the summer, so, I feel my later years are made comfortable and happy as I am relieved of the time-consuming work of doing my own laundry. And, yet, there is nothing quite so sweet-smelling as linen taken from one's own line in the sun, exuding its own fragrance.

Therefore, though I thank my laundry from the bottom of my heart, I still do a little at home, just for the satisfaction of feeling that the elements are my friends, that the oxygen given off by the grass of my drying green will whiten my clothes, that, a pretty row of colored towels blowing in the breeze is a delight to my housewife's sense and that the labor of my hands is rewarded.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on "nerves"—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better.

Dodd's Kidney Pills

TWO ISLAND MEN ARE ELECTED

Two Island men were elected to the senior offices of the B.C. Com-

mand of the Canadian Legion last week.

Ralph Gibson, of Courtenay, was elected president, and Victoria's Carl Fallas is vice-president.

Mr. Fallas edged out J. L. Martin, of James Island, representing the Saanich Peninsula branch.

Package tours and family fares are among special train fares offered by the Canadian National Railways.

What with laundry, cleaning, baths and dishes, the average family uses more than 1600 gallons of hot water a month. Just compare the labor of heating that amount of water by old-fashioned methods with the luxury of turning on a tap! A convenient, completely automatic, supply of hot water from a modern storage water heater is the Greatest Blessing in the Home.

B. C. ELECTRIC

B.C. TELEPHONE'S \$21,000,000 1955 EXPANSION PROGRAM

To pace a growing province's rapid industrial and residential growth, the British Columbia Telephone Company will be spending nearly \$21,000,000 on expansion and improvements during 1955. This record expenditure will be used, first, to augment existing phone facilities, and, second, to implement the Company's huge dial conversion program.

Here is how we plan to spend this money:

For Buildings—

Construction of new buildings and additions or alterations to almost every other building in our territory will cost us a total of

\$1,200,000

One of the company's many new buildings is the modern Kilmat central office, above, now under construction.

For Central Office Equipment—

The installation of additional dial and manual telephone facilities in exchanges throughout the system will amount to

\$7,700,000

For Outside Plant—

Millions of feet of wire and cable are required to link telephone subscribers to their exchanges. Proposed additions to outside plant this year will cost

\$4,900,000

For Subscribers' Facilities—

The end result of most telephone expansion projects is, of course, the telephone itself. In 1955, to install thousands of telephones, P.B.X. switchboards and related subscribers' facilities, we will spend, for equipment and labour

\$5,100,000

For Long Distance Facilities—

To forge new links in the chain uniting booming B.C. communities with each other and with the rest of the world will require long distance circuit additions costing

\$2,100,000

Our 1955 program is a big one—and it's only a continuing part of the B.C. Telephone Company's year-by-year program to match this Province's phenomenal growth.

THINKING ABOUT PROFITS?

The people who conduct public opinion polls

asked a large number of Canadians this question:

"How big a profit do you think the average Canadian company makes?" Most people thought it was nearly 28% on the income dollar.

Then these people were asked what profit they thought a company ought to make. Most of them thought it was

about half as big as that, or around 16%. Actually, Imperial's profit last year was less

than one-third of what people thought we made, or a little more than 8%. Of this, just over 4% was distributed to Imperial's shareholders.

The rest went back into the business, to help replace worn-out equipment and meet future needs.

IMPERIAL OIL LIMITED

INDICATION OF NEED

SIGNS ARE DIFFICULT TO READ

Agricultural scientists are not yet agreed as to when is the best time to irrigate. Some say we can let the soil dry right down until the plants are almost ready to wilt, while others say that we should irrigate well before this time or the plants will suffer. All are agreed that the plants should not be allowed to wilt or their growth will be stunted and their yield reduced.

Experiments dealing with this problem have been conducted for several years with apple trees at the experimental station at Summerland, B.C. Indications from this work are that as soon as the plants have used up all the readily available moisture in the top soil, thus reducing it to the "wilted point", it is time to irrigate. Thus irrigation is recommended when the top nine inches of an orchard soil are reduced to the wilted point. The depth used for pastures, hay fields and most vegetable crops is six inches.

VARIOUS METHODS

Various methods have been used by farmers and scientists for telling when to irrigate. The old stand-by is the use of a shovel or auger, supplemented by the "squeeze" test. When the soil at six to nine inches will not ball tightly when squeezed by the hand, it is considered to be time to irrigate.

More scientific methods are rapidly being developed. A method that is coming into common use in British Columbia is to place electrical resistance blocks at the proper depth (e.g. six to nine inches) and take readings on them between irrigations. When the resistance rises to a certain point, it is time to irrigate. These blocks are especially useful in that they can also be placed at greater depths for determining when sufficient water has been applied.

Another scientific method that

has been receiving a great deal of attention is the meteorological method. By taking records of rainfall and other weather records, or by measuring the rate of evaporation from an open tank of water, it has been found possible to estimate the amount of water used out of the soil by plants. This gives some indication of when to irrigate and how much water to apply.

Why That Name?

Grog, an alcoholic drink, is derived from Admiral Vernon, who insisted that his men drink their rum mixed with water. Vernon was familiarly known as "Old Grog", which term was applied because he invariably wore program, a type of cloth.

Grimalkin, a cat, meant Grey Malkin. Malkin was a diminutive of Mald or Maud.

Gillotine, the instrument of execution in France, was named after its inventor, a doctor of that name.

Guinea, a coin worth slightly more than £1 sterling, derived its name from the source of gold contained in it, the Guinea Coast.

Corrugated boxes, paper boards, brown wrapping papers and other such products, where strength is featured, are usually manufactured from unbleached sulphate pulp known as "kraft" pulp.

Certain areas of British Columbia's timber are seriously in need of cutting. These are stands of deteriorating overmature forest which should be removed to make room for young growth.

Formal Presentation of Colors

Formal presentation of colors, prior to their being placed on the altar, is shown above as the Canadian Mounted Rifles regain their colors at Vernon. Second from left is Lieut.-Col. G. C. Johnston, of Sidney, formerly commanding officer of the regiment.—(Vernon News Club).

ART OF COOKING IS MYSTERY

WHEN TERMS USED ARE NOT UNDERSTOOD BY COOK

Certain terms and phrases used in recipes are often most confusing, especially for new brides or for young girls learning to cook. Every profession has its own language and the culinary language is a very descriptive one.

Like any language, trouble results when terms are not familiar or words are misunderstood or misinterpreted. With this in mind the home economists of the consumer section, Canada department of agriculture have prepared the following list of cooking terms with the hope that it will be of some help.

SIMMERING — is cooking just below the boiling point on top of the stove. To simmer, bring the food and liquid to a boil, then turn the heat low and allow the mixture to cook slowly for the required time. The surface of the liquid should barely ripple. Stews are cooked this way.

POACHING — is a term usually applied to eggs and fish. It is gentle cooking in liquid at the simmering point. Poaching may be done in two ways—on top of the stove, or in the oven. To poach on top of the stove simply cook the food in liquid just below the boiling point. In this way the shape of the food is retained as in poached eggs and fish.

OVEN-POACHING — is poaching in the oven. The dish containing the food is cooked inside a larger dish containing water in the oven. This is the correct method for baking custards.

DREDGING—means to coat with some dry ingredient such as flour or bread crumbs. For example making stews, when the recipe says dredge meat with flour, the object is to help the meat brown and to thicken the gravy. Dredging can be done in several ways. The food can be rolled in seasoned flour, or

shaken up, or the flour can be lightly sprinkled over the food.

BLANCHING — is to immerse in boiling water for a few minutes then plunge into cold water. Blanching is done to loosen skins for peeling, or to preserve color and freshness in food. Tomatoes, peaches, and almonds are often peeled this way and vegetables are blanched before freezing them.

MARINATING — is letting food stand for a period of time in a

can be put with the flour and preparation of oil and acid as a french dressing, or it may be just an acid like vinegar or lemon juice. Salad greens are marinated before the dressing is added, and meat may be marinated before cooking. The acid adds new flavor to them, and softens tougher fibres in meats.

PARBOILING—is a partial cooking of some foods in a liquid. This is either to remove excess salt or to prepare for additional cooking

How To Have Hair For A Lifetime To Be Demonstrated Here By Famous Trichologist

Offers Written Guarantee

An exclusive interview by Ward Allen
LONDON, ONTARIO (Special)— Experts of Canada exploded the "myth of baldness" today in an exclusive interview.

"Baldness is unnecessary, costly, and a plague to mankind," says Jarell. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Jarell method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

DEMONSTRATION TO BE HELD IN SIDNEY

This revolutionary method of home treatment for the hair and scalp will be demonstrated in Sidney, British Columbia, Tuesday, May 31, at Hotel Sidney. Trichologist Ray Johnson will conduct the private, individual interviews from 12 noon until 9.00 p.m. on Tuesday ONLY. There is no cost or obligation, and you need no appointment.

REASONS FOR BALDNESS

"There is always a reason for baldness," continued this nationally-known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair. Men, and yes, women too, walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. 'The simple answer,' emphasized this expert, 'is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!'"

HEREDITY NOT INVOLVED

Trichologist Jarell dodged no issues. He quickly took up the most widely spread theory of baldness—heredity. "Mankind's un-realistic belief that baldness is hereditary stems from a misinterpretation of the

theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp." The purpose of Jarell Hair and Scalp Experts is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. A healthy scalp will grow hair, if it is not already completely bald," assures Jarell.

IS THERE HOPE FOR THE COMPLETELY BALD?

In his travels throughout the United States and Canada, Jarell has collected hundreds of testimonies of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Jarell is quick, however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Jarell, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

OFFERS A GUARANTEE

"Jarell Hair Experts of Canada, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Jarell. "We must have satisfied clients. We must regrow hair. After all, it is our best advertisement."

IS YOUR HAIR HEALTHY?

If you have a scalp disorder, or if you are worried about your hair, call Trichologist Ray Johnson at Hotel Sidney, in Sidney, British Columbia, Tuesday ONLY from 12 noon to 9.00 p.m. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way. ***

either by deep fat frying, baking, or so on. Cured meats are often parboiled to remove some of the salt.

PUREERING — is a term often used in the directions for making soups, souffles, whips and baby foods. It simply means to rub the food through a sieve of some kind. When a food is to be strained or drained, it usually means that the liquid is to be drained off and used separately, leaving the food fairly dry.

TRUSSING — means fastening with skewers or light string before cooking. To truss a chicken, fasten the opening by inserting small skewers parallel to each other and lace around them with a light string in such a way that the legs and wings are held securely in place. Other meats may be skewered—that is held in place by skewers only.

SCALDING — means heating a liquid to just below the boiling point. When bubbles begin to form around the edge of the pan, the liquid is scalded and in the case of milk a slight skin forming indicates sufficient heating.

SCORING — is the cutting of

slits or grooves on the surface of a food, sometimes to prevent it from curling or folding, and other times to make designs which tend to make food more appetizing. The rind on pork roasts may be scored to let some of the fat run out, and ham may be scored so that the flavor of the glaze will penetrate the meat.

GLAZING — is the coating of a food to add lustre. For example—a ham is glazed by spreading it with sugar syrup or a fruit puree, and tarts can be glazed with melted jelly.

THREE VIEWS ON FREEDOM BY GREAT LIBERTARIANS

It was less than 200 years ago that bold students of the basis of human liberty were telling citizens of English-speaking countries some of the eternal truths on which our freedom system of life has been founded.

Edmund Burke in 1784 was challenging England with these words: "The people never give up their liberties but under some delusion."

Benjamin Franklin wrote: "They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety."

And James Madison, in 1788 in a speech in Virginia, said: "I believe there are more instances of the abridgment of freedom of the people by gradual and silent encroachments of those in power than by violent and sudden usurpations."

week at Preston and sentenced to transportation; their ruin is attributed to the drunken habits of the mother.

This report was current 110 years ago and appeared in the columns of The Albion or "British, Colonial and Foreign Weekly Gazette". A copy of Volume 4, No. 5 of this newspaper, published in New York on February 1, 1845, is in the possession of John Henley, All Bay Road.

The newspaper, which is very well preserved, adopts the motto, "Coelum, non animum, mutant, qui trans mare currunt", which could be broadly translated, "Don't sell your soul down the river just because the skies have changed."

The newspaper was published essentially to maintain a link with the old country, Albion. An Exile's address to his distant children appears on the front page. A criticism of a recent book is given prominent play on the front page. The book is "My Adventures", by Col. Montgomery Maxwell, K.H., commanding the 36th Regiment. The critic is exceedingly biting. "... it is opposed to every dictate of good sense, to every idea of good taste and to every feeling of propriety."

REPRESENTATION
A Times editorial is reprinted concerning representation of the British Government at the Vatican. The Times contends that if the political regime of a Protestant country were more closely associated with the Vatican there would be less friction with Catholic factions in the country. The Irish problem was the matter before the Times. The same page features an outline of the Charitable Bequests Act, whereby a Catholic could leave a legacy to his church. This was previously prohibited by law. A considerable section of the paper

HE RAN

"The last time I gave you money," said the stern spinster, "you promised you wouldn't walk straight into public-house and spend it."

"That's right," said the beggar. "Well, as soon as you got the money, you did."

"Lady, don't you know the difference between a walk and a sprint?"

is devoted to the Irish question, with its religious and political aspects.

Except from the London Gazette refers to the promotion of Mr. John Francis Tottenham to the rank of lieutenant. The citation states that the mate was set off the Queen's ship Hyacinth in a four-oared gig to communicate with the Portuguese governor. This took place off the coast of Africa. The mate was lost by his ship when fog descended. Knowing that the ship was slowly plying the coast, he rowed southwards, hoping to pick up his parent ship when the fog lifted.

PURSUIT

The gig encountered a brig at anchor. The alien vessel made t. pull away so the gig gave chase. With four oars he was able to hold the larger vessel's pace. The row-boat fired a musket ball across the brig's bows. He was answered by a number of shots. In the course of the chase the mate maintained a fire as steadily as the spare man could load. Ultimately the brig was run ashore and the 18 men still able to do so made their way in to the jungle. The vessel proved to be of 200 tons, carried no identification, although a Brazilian ensign was found in the cabin. It was equipped for the transport of about 1,000 slaves. It was won entirely by musket fire from one man.

The same story adds a list of the

capture of seven ships and the destruction of one all engaged in the slave trade. A total of 440 slaves were rescued, two vessels were Spanish, four Brazilian and two of unknown nationality.

Current international criticisms are nothing new. In 1845 the sore spot in Europe was Spain. "We seriously advise the great powers of Europe to hold a commission, 'De Lunatico Inquirendo' on Spain: her distracted state proving that she is incapable of managing her own affairs."

APOPLECTIC

We regret to say, announces The Albion, that the venerable gentleman, John Hardy, Esq., M.P., has been suffering from serious illness during the week, having sustained a fit of apoplexy.

Advertisements are largely confined to shipping. It is not clear whether the policy of an Old Country paper was to encourage as large a scale return as possible, or whether the advertisers considered that those who had seen it were

most likely to want to visit Britain. Notable among the advertisements were those by the Royal Mail Line and the Great Western Lines, both of whom advertise steam ships. The latter is advertising passage on the Great Western, which vessel enjoyed some note at the time. The sister vessel was the Great Britain, an iron ship. The Albion appeared only 100 years ago, but that century has seen considerable change in the

DOVE OF PEACE IS HEAVY BIRD

"Jack and I have parted forever." "Good gracious! What does that mean?"

"A five-pound box of candy in about an hour."

mode of life throughout the world. This is patently clear upon reading a few lines from the old newspaper.—F.G.R.

NORTH SAANICH HEADS SCHOOLS AS INTER-HIGH SPORTS ARE HELD

North Saanich high accumulated a total of 134 points to take first place in the annual inter-high track and field meet for Saanich high schools, held at the Memorial Park on Friday.

Mount Newton, with 117 points, was runner-up, while Royal Oak had 104 points.

Mount Newton high proved to be strong in the two girls' sections with 55 points in the junior girls' section and 38 in the senior.

Royal Oak senior boys and their counterparts from North Saanich vied with each other throughout the day with North Saanich seniors coming out on the long end of the score with 49 points against 39 for the athletes from Royal Oak.

North Saanich junior boys gained a 33-point tie with Royal Oak for first place in this section with Mount Newton gaining 20 points in the runner-up spot.

Points towards the F. N. Wright trophy were awarded to each section. North Saanich led with a total of 15 points, Mount Newton gained 12 points, while Royal Oak received nine.

GOOD SHOWING

Certain individuals made excellent showings during the day. Laurie Duncan of Mount Newton senior girls' squad had three firsts to her credit, a total of 15 points; Joanne Gait, Royal Oak, accumulated 11 points, while Arvilla North, North Saanich, had eight points.

In the senior boys' section, Dave Hancock (RO) was top with 13 points; Harold Jacobsen had 11, while John Green and Roy Brekke (NS) each had 10. In the open events Roy Brekke ran well in the half-mile and the mile to cop the points for these events.

Gail Logan (MN) and Daphne Sluggett (MN) had 13 and 10 points respectively to top the junior girls' division. Joan Bath and Evelyn North (NS) were next in order.

In the junior boys' division Don Spencer (RO) showed his heels to the field and accumulated 13 points as against 10 for Lynn Christian (NS) and nine for Dick Gibson (RO). John Kelly (MN) held fourth spot with eight points.

North Saanich relay teams led the way in three of the four relays. A list of events and the winning contestants will be published next week.

ART SCHOLARSHIP

Saanich Peninsula Art Centre announces a \$100 scholarship to be presented to high school students of the area, whose ability in art merits the award.

The scholarship will take the form of special instruction during the summer recess under the direction of D. J. Anderson.

ISLAND LADY SELLS SONG IN HOLLYWOOD

A song entitled "A bit of a Song", words and music by Georgina May Dickason, Pender Island, has been accepted by a Hollywood publishing company, under contract for royalties from record companies, motion picture rights, mechanical reproduction, performance fees, etc., and with 50 per cent of all profits.

Mrs. Dickason, teacher of voice and piano, owns an enviable repertoire of some 40 songs, the majority of which embody her own words. A number have been performed in several provinces, a general favorite being "The Mother's Song", written for Mother's Day. "The Birds Will Be Singing Brightly", words by the late E. Purdy of North Pender Island, is also a well-liked number. Others, including "Over the Hill-top", "The Daffodils" (Wordsworth), "Memory of a Night Bird", "Come, Little Boat", "I Love You, Blue Bird", "Mammy's Lullaby" and others have aroused praise by many musicians.

WIDE PUBLICITY FOR THIS AREA

This district enjoyed wide publicity on Monday when the float of the Sidney and North Saanich Volunteer Fire Department was much admired in the annual parade. The float consisted of the new No. 3 fire truck which was resplendent in shiny red paint. It carried a huge banner proclaiming "Sidney, the Gateway to Vancouver Island". With the pumper were Chief G. A. Gardner and a number of his firemen.

The new truck, thoroughly reconditioned and equipped by the volunteer firemen themselves, will now go into regular service as a fire-fighting unit.

INSPECTION REPORT

Following is the report of the inspection carried out by the fire marshal's office:

Acting on instructions, an inspection was made of the Lady Minto hospital on March 10, 1955. The building is two-storey frame construction and is about 40 years old. It accommodates 18 beds. Extensive alterations would be required to bring the building up to a modern standard of safety and for this reason a movement is afoot to build a new hospital, a site for which has already been donated. However, opinion is divided on the question among Gulf Island residents and the final decision will rest with them.

I recommend the following:

1. Enlarge furnace room to conform with provisions of Section No. 26 of the Chimney Regulation.
2. Install two sprinkler heads in furnace room.
3. Seal off all open crawl spaces in basement.
4. Install an alarm system in accordance with regulations governing the installation of fire alarm systems in hotels, stores, schools and hospitals.
5. Widen all ward doors on the top floor sufficient to allow the passage of beds.
6. Widen top floor corridor sufficient to allow the passage of beds.
7. Arrange for emergency exit from top floor to lead directly outside and not through a bedroom as at present.
8. Widen stairway leading to top floor to 42 inches.

(Signed) D. CUMMING, Inspector.

ARDMORE LADIES ARE DEFEATED BY COWICHAN GOLF CLUB TEAM

The inter-club match between the ladies' division of the Ardmore and Cowichan Golf Clubs, played at Cowichan last week, resulted in some very close match play, with the final results 43 to 31 in Cowichan's favor. Scores were as follows with Cowichan Golf Club players first mentioned:

Mrs. Barnes, 1, vs. Mrs. J. H. Wilson, 0; Mrs. Fall, 1, vs. Mrs. Bryn Jones, 0; Miss Hedley, 1, vs. Mrs. Vickerman, 0; Mrs. King, 1, vs. Mrs. Townsend, 0; Mrs. Creighton, 0, vs. Miss C. Macdowell, 1; Mrs. Fowles, 0, vs. Mrs. H. G. Horth, 1; Mrs. Sherman, 0, vs. Mrs. J. Burbridge, 1; Mrs. Seymour, 3, vs. Mrs. C. Gamble, 1.

A return match will be played at

sage through of beds.

6. Widen top floor corridor sufficient to allow the passage of beds.

7. Arrange for emergency exit from top floor to lead directly outside and not through a bedroom as at present.

8. Widen stairway leading to top floor to 42 inches.

(Signed) D. CUMMING, Inspector.

West Germany produced 5,145,000 tons of crude steel in the first quarter of 1951, against 3,870,000 tons a year earlier.

SATISFACTION IS EXPRESSED BY MEMBERS

Recent meeting of the directors of the Saanich Peninsula Credit Union was held May 19.

Main topic discussed was the satisfactory increase in the number of members taking advantage of the deposit accounts.

The financial report was another reason for satisfaction. Every item on the financial report showed a doubling of last year's figures, and in some cases triple what it was for the same month a year ago.

The treasurer reported this as a steady trend. The amount of money lent to members has now passed \$166,000, and total membership has grown over 15 per cent since the first of the year.

A Spectacular Dogwood Tree

A spectacular dogwood tree on the East Saanich Road farm of Lieut.-Commander J. W. C. Barclay is being admired by passing motorists at present. Some contend that there cannot be a more beautiful tree on Vancouver Island. Standing in the farm chickenyard, it is plainly visible from the highway. The tree, which is all of 40 feet high, is a solid snowy mass of bloom from top to bottom.

Superfluity Sale Draws Large Crowd

A large crowd of purchasers attended the Rotary superfluity sale on Saturday in the K.P. hall, Fourth St., Sidney.

Sponsored by Sidney Rotary Club the sale realized about \$200 for community projects of the local club. Sale of books and appliances was brisk throughout the day. Surplus supplies were donated to the Salvation Army in Victoria and to the Saanich branch of the Canadian Legion.

DEEP COVE

Miss Ruth Trousil, of New Westminster, is a guest at the home of her parents, Mr. and Mrs. Trousil, Chalet Road.

Mr. and Mrs. William Smith, Madrona Drive, have returned home after visiting their son-in-law and daughter, in Vancouver.

The number of chippers turning residue wood into usable pulp chips in the coastal regions of British Columbia has increased three times in the past year.

We are still maintaining our same high quality at the same reasonable prices.
